Foreword

This is the 7th edition of the *Hidden Places of England* which has been given a brand new cover design and page layouts. The new look will be applied to all future *Hidden Places* editions. The changes significantly improve the usefulness, accessibility and appeal of all titles in the series. We do hope you like the new look.

Editorially, the new style will continue Travel Publishing's commitment to exploring the more interesting, unusual or unique places of interest in the United Kingdom. In this respect we would like to thank the Tourist Information Centres in England for helping us update the editorial content of this book. The guide is packed with information on many interesting places to visit within each county. You will find comprehensive details of places of interest as well as advertisers of places to stay, eat and drink included under each village, town or city which are cross referenced to more detailed information in a separate, easy-to-use section to the rear of the guide.

The *Hidden Places* series is a collection of easy to use local and national travel guides taking you on a relaxed but informative tour of Britain and Ireland. Our books contain a wealth of interesting information on the history, the countryside, the towns and villages and the more established places of interest. But they also promote the more secluded and little known visitor attractions and places to stay, eat and drink many of which are easy to miss unless you know exactly where you are going.

We include hotels, inns, restaurants, public houses, teashops, various types of accommodation, historic houses, museums, gardens, and many other attractions all of which are comprehensively indexed. Most places are accompanied by an attractive photograph and are easily located by using the map at the beginning of each chapter. We do not award merit marks or rankings but concentrate on describing the more interesting, unusual or unique features of each place with the aim of making the reader's stay in the local area an enjoyable and stimulating experience.

Whether you are visiting England for business or pleasure or are a local inhabitant, we do hope that you enjoy reading and using this book. We are always interested in what readers think of places covered (or not covered) in our guides so please do not hesitate to use the reader reaction form provided to give us your considered comments. We also welcome any general comments which will help us improve the guides themselves.

Finally, if you are planning to visit any other corner of the UK we would like to refer you to the order form for all *Hidden Places* titles which can be found at the rear of the book and to our website at www.travelpublishing.co.uk for all titles published by Travel Publishing. In addition please use our fully searchable database of places to stay, eat, drink, shop and places of interest on www.findsomewhere.co.uk.
